

ALL SCARLET IN THE VAN.

THE MESSEUR, MORRIS WIN BOTH THE STAKE EVENTS AT MORRIS PARK.

Correction Wins the Rich Toboggan Stakes Handicap from End to End, and Paladin Takes the Larchmont Stakes—Glenmoyne, a Great Favorite, Runs Unopposed in the Horning Event—Butterflies and Gotham Are Both Lame—Armstrong, Sport, Tom Shimmons, and Elia Reed Capture the Other Events—A Four-color Special.

It was a great day for the scarlet at Morris Park yesterday, Correction winning the \$5,000 Toboggan Stakes Handicap and Paladin the Larchmont Stakes. There were fully 12,000 persons present, and it was really the first day of summer. The sun was warm, and the hundreds of women on the club-house lawn and in the grand-stand boxes wore their lightest and smartest costumes. The track was very fast, Correction running six furlongs in 1:10, while the leading plates Tom Shimmons ran his mile in 1:40.

Turfmen and followers of racing heard with regret upon arriving at the track that Giddey & Day's Butterflies and Col. Hopper's Gotham, the acknowledged cracks of the year in the two-year-old division, had gone lame. This of course disposed of any thought of the match arranged between Butterflies and Gutta Percha on Saturday next in looking around for a new attraction the New York Jockey Club offers \$5,000 for a race between Sir Walter, Dr. Alman, or Banquet, Ramapo, and Dr. Rice. The following weights have been proposed and the distance may be made one mile, a mile and a furlong, or a mile and a quarter: Sir Walter, 122; Dr. Rice, 122; Ramapo, 120; Banquet Dev. Alonso, 118 pounds. Some owners loath to come in, and the race may fall through. It is exceedingly hard to get the owners of thoroughbreds to agree on weights and conditions, but the desire of the New York Jockey Club to give the public a first-class sport is worthy of praise.

The Toboggan Slides Handicap was a very heavy betting race. It was singular from the fact that the public made Glenmoyne the horse that had not failed in the start this year, favorite over such tried performers as Stonewall, Count, Dr. Haskett, and Roosa.
